

WS30 wall mounted speaker

Developed for the most discreet install possible, the amazing WS30 is an ultra slimline on-wall speaker system which adds weight and depth to music and movie soundtracks without imposing itself on your living space.

Offering power and handling capability to match Cambridge Audio's award-winning standmount S-Series speakers, the WS30 is the perfect solution in rooms where the installation of a hi-end in-ceiling or in-wall speaker is impractical but you wish to draw minimum attention to the speaker system.

- Ultra slimline design – just 87mm (3.4") deep!
- 4.5" woven composite drive unit
- Soft-dome tweeter featuring neodymium magnet
- Audiophile grade polypropylene capacitors
- Wall mount brackets included
- Finished in satin white and supplied with flush-mount white grille for complete discretion
- Supplied in pairs
